

Your Great Place to Work® survey results are in. Now what?

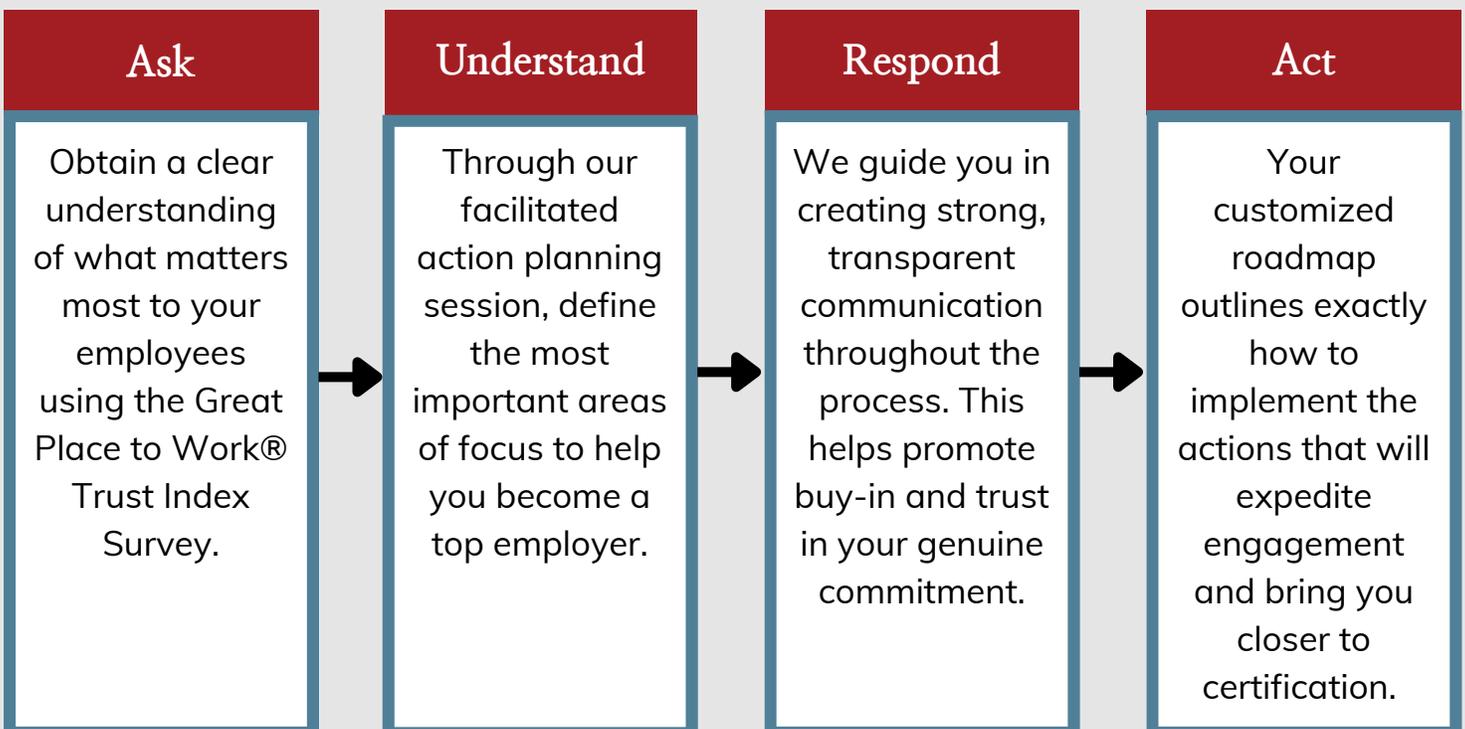

The **AURA© action planning process** helps you respond to feedback faster, and with a more focused approach—ultimately saving your company time, money and energy by allowing you to focus efforts on initiatives that will have a large and lasting impact.

Keeping your employee’s feedback at the centre of our approach, this process also leads to increased trust and credibility in the leadership team.

AURA© Action Planning Process:

AURA© Action Planning

“You might think the moment of truth is when you get the results.

The moment of truth is what you do with the results.”

–Petra Mayer

Key Steps & Timelines:

You can have your Action Plan as early as 4 weeks upon receiving of your survey data. We typically follow these steps:

1. Survey Data interpretation
2. 3 Hour AURA© Workshop with your Project Team
3. Written AURA© Roadmap / Action Plan

With an investment of only CA\$5,500, you will gain confidence in your understanding of the survey results and in your go-forward response.
